### **POLICY & STRUCTURE OF THE FEEDBACK SYSTEM ON CURRICULUM**

The responsibility of collecting feedback from the stakeholders is with the IQAC. The IQAC prepared a structured format in printed form for collection of feedback on curriculum from various stakeholders. Usually, it is conducted at the end of the year, responses are collected and analysed by the IQAC and forwarded the report to the Principal for necessary action, same is presented before college council and follow up actions were taken in appropriate time. Necessary were forwarded to the affiliated university time-to-time.

Similarly, students overall evaluation of the programme and teaching are collected from the final year students (Interns) and PG scholars. Likewise, student evaluation on Teachers, feedback from parents and Alumni were collected and submitted before college council for appropriate corrective measures are carried out.

Employer's feedback is collected by sending through post and online. Feedback is analysed and discussed in the college council for appropriate actions. As a future plan it is decided to use online mechanism for collecting college feedback from stakeholders on curriculum.
