ACTION TAKEN REPORT

Feedback on Curriculum from Teachers

Academic Year: 2021-2022

All the points in the feedback contain good response with an average percentage of not less than 70 – 75.

There were no much negative responses for other points, while less than 10 - 5 % remained neutral in the response.

Therefore it is concluded that the Interns are satisfied with the curriculum that is going on in the college for the batch during the academic year 2021 -22.

Based on the Feedback analysis and observation given by the IQAC in general were discussed and it was decided to provide more books required for the curriculum in the Library. It is also decided to put forward suggestions by the Faculty members to optimize the Teaching Plan & Mode in such a manner as to make it more practical oriented rather than didactic lectures. It is also requested to all Teaching Faculty to improve the ICT methodology in teaching.
