## FEEDBACK ANALYSIS OF STAKEHOLDERS

### & ACTION TAKEN REPORT

(2020 – 2021)

#### I BHMS Students feedback on Curriculum and its Action taken report

All the points in the feedback contain good response with an average percentage of not less than 60 – 70.

There were no negative responses for any of the points, while less than 10 - 5 % remained neutral in the response.

Therefore it is concluded that the students are satisfied in the curriculum that is going on in the college for the batch, during the academic year 2020 -21

#### III BHMS Students feedback on Curriculum and its Action taken report

All the points in the feedback contain good response with an average percentage of not less than 60 – 70.

There were no negative responses for any of the points, while less than 15 - 10 % remained neutral in the response.

Therefore it is concluded that the students are satisfied with the curriculum that is going on in the college for the batch during the academic year 2020 -21, which was even optimized to some extend due to the pandemic & lockdown.

#### IV BHMS Students feedback on Curriculum and its Action taken report

All the points in the feedback contain good response with an average percentage of not less than 70 – 60.

No.	Feedback	Action Taken
01	23.2% of the students responded that they strongly disagree with the syllabus prescribed for the programme is well structured to achieve the objective of the programme	The Principal has put forward this feed back to the IV BHMS members of Faculty to modify their teaching methodology to make the students experience that the real objectives of teaching are perceived by the students positively.
02	4.5% of the students responded that the Clinical teaching and patient centered teaching are not effective.	The Principal put forward this feed back in a meeting of the HoDs of the IV BHMS and suggested them to improve the methodology of clinical teaching, and also it was identified that the poor response was due to the pandemic period, during which the students were not able to get sufficient clinical exposure.

There were no much negative responses for other points, while less than 10 - 5 % remained neutral in the response.

Therefore it is concluded that the students are satisfied with the curriculum that is going on in the college for the batch during the academic year 2020 -21, which was even optimized to some extend due to the pandemic & lockdown.
