Since the questionnaire is send to their personal e-mail id, opinion of those who do not have access to internet and unfamiliar with Google form are not available for analysis hence, not included here. Some of the suggestions given by the parent in their words are given below.

- During this pandemic condition the institution has taken great efforts for learning for our children, did a great job Hats off to you all Excellent.
- Our ward has stayed in the hostel for just 4 months but the hostel fees and mess fees have not been compensated and the next year mess and hostel fees remains the same. You should compensate the last year remaining fees in the coming year.

- Paper works by Home Works to be minimized Clinical, visual etc., such works and studies to be maximized. Otherwise, SKHMC running good both academically and administratively.
- More importance to the practical aspect of education.
- All Parameters of Study in this College are very good.
